RE: Ala Wai Watershed Special Resource Study Report, dated February 15, 2017

Dear Michael Hamnett,

In response to the US Army Corps of Engineers' proposal to design detention basins and a flood wall for flood mitigation for the Ala Wai Watershed, I am requesting the Hawaii Hurricane Relief Fund commission a study entitled "Ala Wai Watershed Special Resource Study Report."

I have enclosed an attached draft and accompanying design for you to review which outlines the scope of the study report.

Please review this, as I am looking for you to give me feedback on the direction of the report **when I am in Honolulu from February 21, 2017 through March 20, 2017** and any time after that as well.

Sincerely,

Emy Louie, Founder
